FEI VAULTING RULES

PREAMBLE

The present Rules for Vaulting Events are the **8th edition, effective 1st January 2012.**

All other texts covering the same matter issued previously are superseded.

Although this booklet sets out the detailed Rules of the FEI governing International Vaulting Events, it must be read in conjunction with the Statutes, the General Regulations ("GRs"), the Veterinary Regulations ("VRs") and the "Guidelines/~~Handbook~~ for Judges" and any other FEI Rules & Regulations.

Every eventuality cannot be provided for in these Rules. In any unforeseen or exceptional circumstances, it is the duty of the Ground Jury to make a decision based on common sense, and fairplay thus reflecting as closely as possible the intention of these Rules and of the GRs and any other FEI Rules and Regulations.

For the sake of brevity these Rules use the masculine form; this is to be interpreted to include both genders. Terms with a capitalized first letter are defined in the Vaulting Rules, in the GRs or in the Statutes.

FEI CODE OF CONDUCT FOR THE WELFARE OF THE HORSE

The FEI requires all those involved in international equestrian sport to adhere to the FEI Code of Conduct and to acknowledge and accept that at all times the welfare of the Horse must be paramount. Welfare of the horse must never be subordinated to competitive or commercial influences. The following points must be particularly adhered to:

1. **General Welfare:**

a) Good Horse management

Stabling and feeding must be compatible with the best Horse management practices. Clean and good quality ~~hay~~forage, feed and water must always be available.

b) Training methods

Horses must only undergo training that matches their physical capabilities and level of maturity for their respective disciplines. They must not be subjected to methods which are abusive or cause fear.

c) Farriery and tack

Foot care and shoeing must be of a high standard. Tack must be designed and fitted to avoid the risk of pain or injury.

d) Transport

During transportation, Horses must be fully protected against injuries and other health risks. Vehicles must be safe, well ventilated, maintained to a high standard, disinfected regularly and driven by competent personnel. Competent handlers must always be available to manage the Horses.

e) Transit

All journeys must be planned carefully, and Horses allowed regular rest periods with access to food and water in line with current FEI guidelines.

FEI VAULTING RULES

2. Fitness to compete:

a) Fitness and competence

Participation in Competition must be restricted to fit Horses and Athletes of proven competence. Horses must be allowed suitable rest period between training and competitions; additional rest periods should be allowed following travelling.

b) Health status

No Horse deemed unfit to compete may compete or continue to compete, veterinary advice must be sought whenever there is any doubt.

c) Doping and Medication

Any action or intent of doping and illicit use of medication constitute a serious welfare issue and will not be tolerated. After any veterinary treatment, sufficient time must be allowed for full recovery before Competition.

d) Surgical procedures

Any surgical procedures that threaten a competing Horse's welfare or the safety of other Horses and/or Athletes must not be allowed.

e) Pregnant/recently foaled mares

Mares must not compete after their fourth month of pregnancy or with foal at foot.

f) Misuse of aids

Abuse of a Horse using natural riding aids or artificial aids (e.g. whips, spurs, etc.) will not be tolerated.

3. Events must not prejudice Horse welfare:

a) Competition areas

Horses must be trained and compete on suitable and safe surfaces. All obstacles and competition conditions must be designed with the safety of the Horse in mind.

b) Ground surfaces

All ground surfaces on which Horses walk, train or compete must be designed and maintained to reduce factors that could lead to injury.

c) Extreme weather

Competitions must not take place in extreme weather conditions that may compromise welfare or safety of the Horse. Provision must be made for cooling conditions and equipment for Horses after competing.

d) Stabling at Events

Stables must be safe, hygienic, comfortable, well ventilated and of sufficient size for the type and disposition of the Horse. Washing-down areas and water must always be available.

FEI VAULTING RULES

4. Humane treatment of horses:

a) Veterinary treatment

Veterinary expertise must always be available at an Event. If a Horse is injured or exhausted during a Competition, the Athlete must stop competing and a veterinary evaluation must be performed.

b) Referral centres

Wherever necessary, Horses should be collected by ambulance and transported to the nearest relevant treatment centre for further assessment and therapy. Injured Horses must be given full supportive treatment before being transported.

c) Competition injuries

The incidence of injuries sustained in Competition should be monitored. Ground surface conditions, frequency of Competitions and any other risk factors should be examined carefully to indicate ways to minimise injuries.

d) Euthanasia

If injuries are sufficiently severe a Horse may need to be euthanized on humane grounds by a veterinarian as soon as possible, with the sole aim of minimising suffering.

e) Retirement

Horses must be treated sympathetically and humanely when they retire from Competition.

5. Education:

The FEI urges all those involved in equestrian sport to attain the highest possible levels of education in areas of expertise relevant to the care and management of the Competition Horse.

This Code of Conduct for the Welfare of the Horse may be modified from time to time and the views of all are welcomed. Particular attention will be paid to new research findings and the FEI encourages further funding and support for welfare studies.

FEI VAULTING RULES

CHAPTER I VAULTING EVENTS

Article 700 GENERAL

The constant development and evolution of the International Vaulting Sport continues to necessitate significant adjustment to the Rules for International Vaulting Events. The following are intended to standardise the Discipline, ensure the well being of the Horse and facilitate and the professional organisation of Vaulting Competitions as competitive Equestrian Sporting Events.

Separate Competitions for Senior and Junior/Children Vaulters do exist in Vaulting. Given the Discipline specific complexities, however, Minors (in terms of age) often compete on what are referred to as Senior Squads and at Senior Events. This must be published in the Schedule.

Article 705 ENTRIES

The number of Horses and Athletes that may be entered for an Event must be in accordance with the schedule.

705.1. All Athletes invited or nominated for an International Event must be entered by their NFs. All foreign Athletes selected by their NFs must be accepted by the OC. OCs may not accept any other entries.

705.2. Under no circumstances may the OC limit the number of entries of eligible Athletes or Team for a FEI Championship.

705.3. Should an NF send more Athletes and/or Horses than shown in the Entry Form the OC is not obliged to allow them to participate in that Event.

705.4. Where an NF has made an entry of Athletes and Horses and finds that it will be unable to send them, it must immediately inform the OC.

705.5. Athletes, Squads and Horses who have been definitely entered by their NFs at any Event and fail to take part without valid excuse must be reported by the Foreign Judge/Technical Delegate to the FEI.

705.6. Athletes who withdraw after the Definite Entry date or who are no-shows will be liable to reimburse the OC for the financial loss incurred by the OC (i.e. stabling and hotel expenses) as a result of late withdrawal or no-show.

705.7. **Entries for Championships**

Entries must be made by the NFs following the compulsory three phases:

705.7.1. **Entries in Principle**

Must reach the OC by the date specified in the schedule, usually at least eight weeks before the Event is due to begin. Entry in Principle means that an NF has the definite intention of sending Athletes to participate in the Event. It must state whether the intention is to send Squads, Individuals or Pas-de-Deux.

705.7.2. **Nominated Entries**

Must reach the OC by the date specified in the schedule, usually at least four weeks before the Event and must include a list of the names of Athletes and Horses from which the Definite Entries and any substitutions will be chosen and state the number of Athletes and Horses which the NF intends to send. selection of Athletes and Horses that will travel to the Event. The Definite Entries may not exceed the number listed and must be chosen from the list of names on the Nominated Entries. After the Definite Entries have been sent in, substitutions of Horses and/or Vaulters and/or Lungers may only be made with the express permission of the OC (chosen from the list of names on the Nominated Entry).

705.7.6. Horses starting for more than one NF must be entered on the Nominated Entry form of all NFs for which the Horse is to start, clearly indicating which NF is responsible for the Horse. This means that for Definite Entries, NFs may only nominate Vaulters, Lungers and Horses which were originally entered on their Nominated Entry Form.

When a Horse is to be used for more than one NF, each NF must enter the Horse, while again indicating which NF is responsible.

- 707.4. Any such substitution(s) must be reported immediately to the OC who must approve the change.

Article 708 DRAW FOR THE ORDER OF STARTING

The draw for the order of starting will be conducted in the following manner:

708.1 Squad Competition

The names of all starting Squad Horses are placed in a receptacle (A). Numbers equivalent to all starting Squad Horses are placed in a second receptacle (B). A Squad Horse's name is drawn from receptacle (A) and a starting place for that Squad Horse is drawn from receptacle (B). A second Squad Horse's name is drawn from receptacle (A) and a starting place for that Squad Horse and so on for all Squad Horses.

In case different Squad Horses are lunged by the same Lunger, there must be at least three Horses in between. This will be decided by draw and multiple starters will be drawn first.

708.2 Individual and Pas-de-Deux Competition

Before the draw of the Competition the order of go of the Vaulters on each Horse has to be established. In case a Horse participates in the Competition more than once the Horse's name will be drawn as many times as the Horse starts. Numbers equivalent to all starting Horses are placed in receptacle (A). Horses starting more than once and Lungers lunging more than one Horse in the Competition are drawn first. After this all Horses will be drawn in the same manner as in the Team Competition. In case a Horse starts more than once or a Lunger lunges more than one Horse, there must be at least six Horses in between at the Individual Competition and three Horses in the Pas-de-Deux Competition. This will be decided by draw.

708.3 Starting order second round

At all Events there will be a draw in groups of five for the starting order in the second round. A draw first within the group of Vaulters/Squads/Pas-de-Deux placed 11th to 15th and then within the group of Vaulters/Squads/Pas-de-Deux placed 6th to 10th and last the group of Vaulters/Squads/Pas-de-Deux placed 1st to 5th, i.e. the five best Vaulters/Squads/Pas-de-Deux will start last.

If there are within one group two or more Individual Vaulters or Pas-de-Deux on the same Horse at CVIs, they will start together. The order on the Horse is the same as in the first round.

At Championships only one Individual or Pas-de-Deux may be on the Horse at one run-in.

In the case a Horse starts more than once or a Lunger lunges more than one Horse in one group, there must be at least one Horse in between. This will be decided by draw.

If the Male and Female Individual Vaulters start together, the draw should be done in groups of eight instead of five.

708.3.1 at **Championships**: A draw first within the group of Squads/Pas-de-Deux placed 9th to 12th and then within the group of Squads/Pas-de-Deux placed 5th to 8th and last the group of Squads/Pas-de-Deux placed 1st to 4th; i.e. the four best Squads/Pas-de-Deux will start last.

A draw first within the group of Individual Vaulters placed 11th to 15th and then within the group of Individual Vaulters placed 6th to 10th and last the

FEI VAULTING RULES

group of Individual Vaulters placed 1st to 5th, i.e. the five best Individual Vaulters will start last.

In the case of fewer Athletes than 15 resp. 12 the number of starters in the first group will be reduced. If there are more Athletes than 15 resp. 12 the number of starters in the first group will be increased (Open European Championships).

In the second round only one Individual or Pas-de-Deux may be on the Horse at one run-in

In the case a Horse starts more than once or a Lunger lunges more than one Horse in one group, there must be at least one Horse in between. This will be decided by draw.

708.3.2 at **CVIs**: There will be a draw in groups for the starting order in the second round

The quantity of Horses in each group depends on the number of qualified Horses.

Qualified Horses	1 - 7	6 - 8	9 - 24	> 24
Number of groups	1	2	3	4

The last starting group should have always the maximum number of Horses.

In case classes are combined (male and female Vaulters) the scoring office has to prepare a combined list according to the scores of the first round. In any case the three best females and males should be in the last group.

The best Horses will be drawn last and start last

If there are within one group two or more Individual Vaulters or Pas-de-Deux on the same Horse, they will start together. The order on the Horse is the same as in the first round.

708.4 **Starting order Official Team**

If an Official Team Competition is scheduled, in the Free Test of the second round the non-Team members will start first; starting place is drawn in groups. The starting order of the Team is drawn separately. The first Team-member of the first drawn Team will start first, then the first Team-member of the second Team will start and so on. If one Team consists only of three members, the starting place in this group will be empty. After the first Team-members the second Team-members will continue in the same order, then the third and the fourth member. The order within the Team will be decided by the Chef d'Equipe.

Article 709 LUNGER

- 709.1 At Vaulting Competitions Lunger, Horse and Vaulters compete as a competitive unit.
- 709.2 A Lunger must be at least 18 years of age to compete in International Events. There are no maximum restrictions on the age of Lungers.
- 709.3 Contrary to the GRs, the following applies: The Lunger may be of a different nationality to the Vaulters, Squad or Pas de Deux.
- 709.4 The Lunger can only win one medal in any single Competition at a Championship (highest placing).

Article 710 CHEF D'EQUIPE

- 710.1 A Chef d'Equipe must be at least 18 years of age.
- 710.2 A Lunger or National Trainer may also act as Chef d'Equipe.
- 710.3 The Chef d'Equipes are responsible for the behaviour of their Athletes throughout the Event. They and their NF are responsible for any damages that occur.

FEI VAULTING RULES

- 710.4 The Chef d'Equipe or his appointee must stay in the same accommodation as his/her Junior and Children Athletes.

Chapter II – THE COMPETITION

Article 711 GENERAL
